As part of its commitment to environmental responsibility HÜBNER-LEE GmbH & Co. KG has offset the CO<sub>2</sub>-equivalent emissions which result from the **production of TTE<sup>®</sup> Multidrain<sup>PLUS</sup>** in the period from September 23, 2021 until December 31, 2022.

**3.800 tons of CO<sub>2</sub>e emissions have been compensated**

At the end of 2022, the actual emissions will be determined and offset against the next compensation period. The results will be announced.

The calculated CO<sub>2</sub>-equivalents were determined within the framework of an independently audited EPD - Environmental Product Declaration. The EPD certification, issued by IBU – Institute for Building and Environment, is valid until September 2026.

This certificate confirms that these emissions were offset by emission reductions through the climate protection projects

**PACAJAI Project: Forest Protection and Avoided Deforestation in Portel, Brazil and Wind Power Project in Karnataka, India**

First Climate has permanently and irrevocably retired the corresponding emission reduction certificates from the market.
